## BOHLE OUT OF RACE FOR MARSHALSHIP.

All Politicians Concede That He Stands No Chance for Reappointment.

Developments yesterday indicated that United States Marshal Boble would not be reappointed. Not one friend has come to his rescue. Hundreds have helped to make his selection impossible. If by any chance he is permitted to serve out his term many knowing politicians will be surprised. Boble himself would probably be as much sur-

prised as any one. He has offered practically no defense to the charges preferred against him. The men who would naturally be thought friendly to him have been disgusted by the silly excuses he has made. If there is a discredited officeseeker in St. Louis, the present United States Marshal is that man. One of three things is sure to happen Either Boble will withdraw his application or reappointment; he will resign volunta rily-if the term may be used-or he will resign by request. Judging by the President's course in the past, it is probable that the last-named course will be taken. That

the inst-named course will be taken. That was the case with Collector of Internal Revenue Grenner.

In C. F. Wenneker's case, he chose to resign voluntarity. Whether Bohle has the gumption to take similar action remains to be seen. If he withgraws his application for reaspontaneent or sessigns before the President takes summary action, it will be because the interests with which he is identified care to have nothing more to do with him. The Globe-Democrat has had poor lack in its indorsements, that paper having recommended Wenneker, Grenner and Hohle, all of whom have fallen short of the "efficiency and morality" rule of the President.

It is thought final action in Marshai

the President.
It is thought final action in Marshal Bohle's case will be taken within the week. Bohle's term expires april 18. Jury Commissioner George P. Weinbrenner is the only candidate for the position. His application is provisional upon the elimination of Bohle. If Bohle is out of the race, Weinbrenner wants the Job. As Bohle is anywhere excepting in the race, Weinbrenne, stands a first-class chance of getting the place.

Weinbrenner as member of the City Central Committee from the Twenty-fish Ward has caused Kerens and Ziegennein more trouble in the last two years than all the other recalcitrants put together. He is one of the original members of the St. Louis Republican Cube, and is one of the few members of that organization who can carty his ward at the primaries. He is a practical politician, has the confidence and respect of all factions, whether friend or foe, and as the Republicans will hardly elect Circuit Judges this fall, he is wise in asking for the marshalship. It the Democrats elect Judges next November, a Democrats elect Judges next November, a Democratic Jury Commissioner will succeed

warrants for arrest of the persons charged in these indictments."

This was the dramatic command of instruction given by Judge Cantrell on return of a hatch of indictments charging conspiracy in the Goebel murder by the Grand Jury, which has been in session several weeks, examining witnesses on the alleged conspiracy to murder William Goebel. Continuing Judge Cantrell said:

"I am tired of the publication of the names of persons charged with a felony being made public, and the persons having been given an opportunity to escape."

Sensational arrests of prominent Republican politicians are to be made to-night or to-morrow.

## A WIDE-OPEN LETTER

Specially to that Great Army of Sexually Weak Men Who have been floodwinked and Defrauded by the Worse than Infamous Mountebanks Who Disgrace the Medicine

Mr. Geo. S. Beck, Proprietor of "Wonder-Workers," the Greatest and Best Remedy for All Kinds of Sexual Weakness that the World Has Ever Known, Throws Another Bomb into the Camp of the Sharks Who Prey upon the Fears of Weak Men, and Offers Their Victims the Benefit of His Great Remedy at Cost.

fit of this Great Remedy at Cost.

My Dear Brothers:—More than 250,000 permanent cures during the past three years prove that my "Wonder-Workers" are a God-send to weak men everywhere. There is not a case of Lost Manhood, Night or Day Losses, Varicocele, Sexual Weakness or Nervous Troubles of any kind anywhere on earth (no matter whether caused by overwork, solf-abuse or worry; and no matter whether the man be old or young! that "Wonder-Workers" will fail to cure quicker and at less expense than any other remedy made anywhere in the world if simply used (athome, at your work), one tablet at dose three times a day. They cured me in less than one month's time, at the age of forty-four years, when I, like you, lacked that vitality without which a person is a man only in name, and after I had been hearly ruined by the frauds and fakirs who disgrace the medicine business. I ask you to bear in mind that I am the only man in the world in the business who has solemnly sworn that the modicine he sells cured himself, and that the names of all who buy it will be held sacred forever.

I am the same Geo. S. Beck. living at 420 South Market Street, Springfield, Ohio, who is hated by every Electric Belt imposter. Free Sample schemer, C. O. D. fraud, Free Prescription fakir, and Doctor by Mail humbug in America because of the manner in which I have exposed their infamous schemes. Their only object in making. 'Free' offers is to get the names of men who are sexually weak so that they may harass them with their impudent letters and lying, fifthy circulars: and I, here and now, again challenge any and all of these frauds and poison distributers to thoroughly sift and test my charges of low villiany and palpable fraud in any court of law or justice they may select. If you have had any dealings with them you know that all my charges against them are true as Gospel.

I beg to assure you on my honor as a man that no matter whether you are married or single, old, young or middle-aged; or no matter whether your weakness or nervousnes is caused by over-work, too frequent indulgence in legitimate seanal pleasures, the practice of secret vice or the excessive use of strong drink or tobacco, the use of my "Wonder-Workers" will search every nerve center of your body, renew every tissue, develop every organ, strengthen every muscle, invisorate every function, and bring to you a perfect and permanent restoration of seanal strength and manly vicor. The reason why "Wonder-Workers" do this is because they do not contain any phosphorus, or Spanish fly, or any other of the poisons that make the vile neartume sent out by the frauds and quacks so dangerous to human life. It is perfectly safe to use them at any time or under any circumstances, and their use will not fail to restore natural senual strength and vigor without any trace of excitement or stimulation in old or young.

Because of the wonderful merit of my "Wonder-Workers" to say that I have treated him unfairly in any manner, shape or form. If you order "Wonder-Workers" to say that I have treated him unfairly in any manner, shape or form. If you order "Wonder
